## President's Perch

Earlier this year, I stepped out of my office building during a lunch break, and from the back side of a line of boxwood shrubs heard a rapid series of somewhat raspy chipping notes. My first thought was "Oh brother, another cowbird chick." Although I detest cowbirds for the effect that their nest parasitism has on native songbird populations, I do enjoy tracking down the youngsters to see which species have been duped.

I was relieved to see not a cowbird, but rather a young Chipping Sparrow under a holly tree chasing after one of its parents. The parent sparrow fed feverishly from the ground, and occasionally dropped food into the eager mouth of its offspring. Unaided by binoculars, I was close enough to see the adult's tell-tale rusty cap, narrow black eyeline, unmarked light breast, and slightly notched tail. "Lil Chip" was similarly marked, but lacked the rusty cap and had a few streaks on its chest.

Two days later, Lil Chip and *both* parents were back again. Whether the parents were beneath the holly, on the lower limbs of a mature oak, in the tall grasses alongside a fence, or underneath a parked car, Lil Chip was always close behind, begging incessantly for its next morsel and entirely dependent upon them for food.

Chipping Sparrows are a very common breeding species in our area, and finding young Chippies either in the nest or as fledglings is not too difficult a challenge. What makes this sighting noteworthy is that these observations were not made during the late spring or summer but rather on October 5 and 7! According to Bob Ringler, co-author of *Field List of the Birds of Maryland* (aka, "The Yellow Book"), this is the latest record ever of a dependent Chipping Sparrow in Maryland.

The tale of Lil Chip exemplifies "citizen science" in which amateur ornithologists across the globe document information about the distribution, behavior and life cycle of birds. Christmas Bird Counts (CBCs) are another example of citizen science. During a CBC, teams of birders scour fields, forests and rivers, counting birds of all species. Over time, CBC data provides valuable information about abundance trends of our wintering birds. (continued on page 2)

This year on December 26<sup>th</sup>, the 39<sup>th</sup> annual Rock Run CBC will take place within a 15-mile circle centered at Susquehanna State Park and straddling Harford and Cecil Counties. At the end of the afternoon, count participants gather to warm up with good food and shared stories of the day's adventures. Whether you are veteran participant or a first-timer, become a citizen scientist and have fun at the same time by participating in this year's Rock Run CBC. Register today by calling our count coordinator, Mark Johnson at [mark.steven.johnson@comcat.net](mailto:mark.steven.johnson@comcat.net)

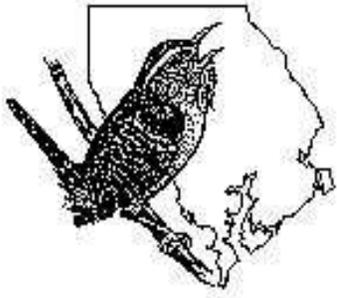

**Dave Ziolkowski to Headline November Dinner Meeting**

Make plans now to attend the Friday, November 5<sup>th</sup> dinner meeting at Churchville Presbyterian Church when our guest speaker will be longtime club member Dave Ziolkowski. Dave has been a loyal member of the Harford Bird Club since his days at Joppatowne High School and now, after more than 20 years of field experience, he serves as the program biologist for the Department of Interior's North American Breeding Bird Survey. We've known it for a long time, but in recent years Dave has earned national recognition as a dynamic and entertaining speaker, and he returns now to share tales from a recent research expedition with the Smithsonian to Gabon, Central Africa.

A nation the size of Colorado located just south of Cameroon, Gabon is one of the few countries in the world stable enough to avoid coverage in the world press yet still largely unknown to both the tourist and scientific communities. This fact isn't too surprising in light of the sparse to absent infrastructure found throughout this relatively pristine African landscape. Over 70% of the country is covered in dense rainforest with the remainder in savanna and coastline, and for each of these habitats Gabon has the wildlife to match. The bird list is estimated in excess of 670 regularly occurring species and in few other places in the world can one expect to watch Gorillas and Elephants sharing the same beach. Recognizing the great environmental importance of, and paucity of biological information about these Gabonese ecosystems, the Smithsonian Institution has partnered with the country to explore and inventory its natural resources. Dave's presentation gives us a rare view into the world of modern ornithological exploration, as he recounts the wildlife and adventures that he and two Smithsonian colleagues experienced while prospecting this dynamic landscape for new species of birds.

Further information on the dinner is on page 8 and a reservation form appears on page 7.

# Harford Birdlife

By: Monroe Harden

Early fall migration included some new and exciting visitors. This month's column covers the period from August 8th through October 1<sup>st</sup>, 2010.

## Ducks, Herons, Hawks, Falcons

DL and PL saw a **Gadwall**, a **Green-winged Teal**, and a **Hooded Merganser** at Perryman Park on Sep 25<sup>th</sup>. MJ noted the adult female **Hooded Merganser** at that location on Aug 24<sup>th</sup>. RB and TH saw a **Red-breasted Merganser** at Harford Glen on Sep 18<sup>th</sup>. KG and BC reported a **Ruddy Duck** at Swan Harbor on Aug 25<sup>th</sup>. RB counted at least 20 **Great Egrets** at Harford Glen on Aug 14<sup>th</sup>. KG heard a **Green Heron** from his Jarrettsville yard on Aug 26<sup>th</sup>. DL saw one at Lakeside on Sep 26<sup>th</sup>.

RO saw a **Northern Harrier** at Swan Harbor on Aug 8<sup>th</sup>. RB and TH had single **Sharp-shinned** and **Cooper's Hawks** at Harford Glen on Sep 18<sup>th</sup>. DK noted several **Cooper's Hawks** and up to 7 **American Kestrels** on and around his farm in the northern part of the county throughout September. DW saw 2 **Broad-winged Hawks** over Webster Village on Sep 15<sup>th</sup>.

## Plovers, Sandpipers, Terns

DL had a **Semipalmated Plover** at Perryman Park on Sep 15<sup>th</sup>, along with a **Greater Yellowlegs**, a **Lesser Yellowlegs**, and **Spotted, Western, Stilt**, and **Least Sandpipers**. He and PL saw 5 **Western Sandpipers** there on Sep 25<sup>th</sup>. JM had 4 on Sep 7<sup>th</sup>. MO found a **Red-necked Phalarope** there on Sep 6<sup>th</sup>. Several others saw and photographed the bird that day. KG reported an **American Woodcock** flying over his Jarrettsville home the evening of Aug 26<sup>th</sup>.

KG and BC saw 2 **Caspian** and 36 **Forsters Terns** at Swan Harbor on Aug 25<sup>th</sup>. RB and TH saw a single **Caspian Tern** at Harford Glen on Sep 18<sup>th</sup>.

## Cuckoos, Owls, Goatsuckers, Hummingbirds

TH saw a **Black-billed Cuckoo** near Rock Run Mill in Susquehanna State Park on Sep 20<sup>th</sup>. He also saw a **Yellow-billed Cuckoo** at Ladew Gardens on Sep 29<sup>th</sup>. DW saw one in Webster Village on Sep 5<sup>th</sup>. KK saw a **Great Horned Owl** in the late afternoon of Sep 18<sup>th</sup> at the family farm in northern Harford County. DB had 2 **Barred Owls** at her home in Street on Sep 28<sup>th</sup>. KG saw

individual **Common Nighthawks** flying over his Jarrettsville home on Aug 30<sup>th</sup> and 31<sup>st</sup>.

KG and BC saw single **Ruby-throated Hummingbirds** at the Rock Run Mill and at Swan Harbor on Aug 25<sup>th</sup>. LE had 3 at his home near Havre de Grace on Sep 30<sup>th</sup>.

## Woodpeckers, Flycatchers, Vireos, Nuthatches, Thrushes

RB saw a **Red-headed Woodpecker** flying over Harford Glen on Aug 14<sup>th</sup>. SH also saw one (a juvenile) in Fallston on Sep 18<sup>th</sup>. KG and BC reported single **Alder** and **Least Flycatchers** at Rock Run on Aug 25<sup>th</sup>. KG saw another **Least Flycatcher** in Jarrettsville on Sep 3<sup>rd</sup>. KG and BC also saw a **Yellow-throated** and 4 **Red-eyed Vireos** at Rock Run on Aug 25<sup>th</sup>. DW saw a **Blue-headed Vireo** in Webster Village on Sep 5<sup>th</sup>. RB and TH had a **Warbling Vireo** at Harford Glen on Sep 18<sup>th</sup>. MJ reported a **Philadelphia Vireo** at the Eden Mill banding station on Sep 24<sup>th</sup>. This was the first one in ten years banding there.

RB heard a **Red-breasted Nuthatch** at Harford Glen on Aug 29<sup>th</sup>. AK and RK saw one in Darlington on Sep 6<sup>th</sup>. TH saw a **Ruby-crowned Kinglet** and a **Swainson's Thrush** at Ladew Gardens on Sep 29<sup>th</sup>. DB had a **Wood Thrush** at Rocks State Park on Sep 22<sup>nd</sup>.

## Wood Warblers

KG and BC saw 1 **Blue-winged**, 2 **Black-and-White**, and 2 **Prothonotary Warblers** at Rock Run on Aug 25<sup>th</sup>. RB and TH saw a **Tennessee**, a **Black-throated Blue**, a **Palm**, and several **Black-throated Green Warblers** at Harford Glen on Sep 18<sup>th</sup>. DW had a **Nashville Warbler** in Webster Village on Sep 19<sup>th</sup>. RB saw a **Chestnut-sided**, 3 **Magnolia**, a **Black-throated Blue**, 4 **Black-and-White**, and 5 **American Redstart Warblers** at Harford Glen on Aug 29<sup>th</sup>. LD saw a **Yellow-rumped Warbler** in the Bright Oaks area of Bel Air on Aug 20<sup>th</sup>. MJ had **Canada Warblers** at the Eden Mill banding station on Sep 10<sup>th</sup> and 24<sup>th</sup>. DW heard one singing in Webster Village on Sep 5<sup>th</sup>.

(Continued on page 4)

## Grosbeaks, Orioles

MJ reported 2 **Rose-breasted Grosbeaks** at the Eden Mill banding station on Sep 17<sup>th</sup>. RB and TH saw one at Harford Glen on Sep 18<sup>th</sup>, while SH also saw one in Fallston that same day. DK saw an immature one at Eden Mill on Sep 29<sup>th</sup>. KG and BC reported 2 **Blue Grosbeaks** and 4 **Indigo Buntings** at the Susquehanna State Park picnic area on Aug 25<sup>th</sup>. They also saw 2 **Bobolinks** and 135 **Red-winged Blackbirds** at Swan Harbor that day. They also had 2 **Orchard Orioles** at Lapidum and a **Baltimore Oriole** at Rock Run. DW saw a **Baltimore Oriole** in Webster Village on Sep 5<sup>th</sup>.

## Bird Droppings

Have news the club should know about? Births, deaths, marriages, or any other notable events that belong in the newsletter? Please contact Corresponding Secretary Marty Crouse-Farley at 410-557-6786 or email to [mhcf@msn.com](mailto:mhcf@msn.com).

## Welcome!

A warm Harford Bird Club welcome goes out to the following new members. Thank you for joining... we look forward to seeing you out there on our birding trips and at our meetings!

**Olivia Bitting of Jarrettsville**

**Steve Davis of Abingdon**

**Alissa Wallace of Jarrettsville**

**Robert Werrlein of Forest Hill**

**Adel Wortman of Havre de Grace**

## Vacation Reports

If you traveled over the summer and had any good birding experiences, please write a concise report of a couple of paragraphs for inclusion in the next newsletter. Please send them to Les Eastman at [les@birdtreks.com](mailto:les@birdtreks.com) or Dave Webb at [porzana@comcast.net](mailto:porzana@comcast.net).

## Membership Dues Are Due

Annual membership dues are now overdue for the Harford Bird Club year from September 1, 2010 through August 31, 2011. If you have not yet renewed, the membership form was included in the August issue of Wren-derings or you can print it off the web site at <http://www.harfordbirdclub.org/harfjoin.html>. Please contact Marjie Heagy at [msheagy@zoominternet.net](mailto:msheagy@zoominternet.net) or (410)557-9485 if you have any questions about your renewal. Please fill out the form, enclose your check made payable to HARFORD MOS and mail it to Marjie. We would like to have all dues paid by December 31, 2010.

## Christmas Count is Coming!

Christmas time is here! Well, it will be before you know it. With the holiday comes our annual Christmas Bird Count. As usual, it will take place on the Sunday between the holidays on December 26<sup>th</sup>. Everyone is welcomed to participate. We

are assigned a discrete area within the 7.5 mile radius of the old Harford Bird Club meeting house (close to Rock Run) in Susquehanna State Park and count all of the individuals of each species seen in that day. This circle includes areas from Swan Harbor to Havre de Grace and Conowingo as well as many areas in Cecil County also. Regulars please contact Mark Johnson (count coordinator) as well as anyone else interested in participating. New birders are especially welcomed. There is a \$5 donation collected for each participant to cover printing of the data which includes a copy of American Birds. Come out and shake off the indoor blues with the camaraderie of birdwatching!

Contact Mark at [Mark.Steven.Johnson@comcast.net](mailto:Mark.Steven.Johnson@comcast.net) or call 410-692-5978 to sign up or for questions.

## A Poem by Richard Le Gallienne

I meant to do my work today  
But a brown bird sang in the apple tree,  
And a butterfly flitted across the field,  
All the leaves were calling me.  
  
And the wind went sighing over the land  
Tossing the grasses to and fro;  
And a rainbow held out its shining hand  
So what could I do but laugh and go?

# Field Trip Reports

## Wine Tasting & Nighthawks

On Saturday, August 21<sup>st</sup>, twenty-five people met for an evening of wine-tasting and bird-watching at Mount Felix winery in Havre de Grace. Our hosts Peter and Mary Ianniello treated us to tastes of seven of their delicious wines while entertaining us with some wonderful local history related to the naming of each of their wines. After the tasting there was plenty of time for relaxing and chatting. A lone **Common Nighthawk** delighted the group for several minutes with his aerial acrobatics hawking insects. As darkness fell we ended our evening with thoughts of repeating this activity next summer.

~*Marsha Webb*

## Birds and Butterflies at Harford Glen

August 22<sup>nd</sup>. Showers threatened to cancel the walk before it began, but by 9 AM the rains stopped and the sun was peeping through the clouds. Butterfly expert Terry Haley and 7 other birding and butterfly enthusiasts enjoyed a delightful morning. Only 29 bird species were seen. The real stars were the dragonflies and butterflies. As for the dragonflies, the most memorable were the **Halloween Pendants** on the top of the dike that surrounds the fish pond. They were all perched on the stalks of grass that line the top of the dike. Thank goodness no one cuts the grass on the back of the dike or we would have missed this spectacle! We also saw **Eastern Amberwings**, **Slatey Skimmer** and **Common Whitetails** and some **Eastern Forktail** damselflies in the grass.

The butterflies started flying about the same time as the dragonflies. There were **silver-spotted**, **least** and **sachem skippers**. Three kinds of **swallowtails** were found, **Eastern Tiger**, **Black** and **Spice Bush**. There were the common **Cabbage Whites**, **Clouded Sulphurs**, **Eastern tailed Blues**, **Pearl Crescents** and **Buckeyes** in the grass. We were able to find and differentiate between the **Monarchs** and their copy cats, the **Viceroy**s. We went over the bridge to the sandy part of the island and found **Commas** and a beautiful **Red Spotted Purple** with its wings shining in the sun. Also, we did see two moths, the beautiful **Ailanthus Webworm** and an amazing **Hummingbird Clearwing**, doing its best at pretending to be a bird! Terry is looking forward to doing this again next year.

~*Jean Wheeler*

## Bosely Conservancy Kayak Trip

On August 28<sup>th</sup>, eighteen club members and guests enjoyed a picture perfect August late afternoon kayaking the gentle waters of Otter Point Creek and the Bosely Conservancy. Jess Baylor of the Leight Center met us with kayaks and gear ready for action. We found a nice variety of birds, although not an overwhelming abundance. Some of the better sightings included Solitary **Sandpiper**, **Semipalmated Plover**, and **Lesser Yellowlegs** at the mouth of Haha Branch; also a **Belted Kingfisher**, a **Pileated Woodpecker**, several **Great Egrets**, numerous **Wood Ducks**, and a flyover **Bobolink**.

~*Dave Webb*

## Ma and Pa Trail, Fallston

On September 4<sup>th</sup> nine enthusiastic club members enjoyed a beautiful but breezy morning walk on this trail, beginning at Annie's Playground and continuing to Tollgate Road (with a side path to the champion Bitternut Hickory tree). The variety of habitat produced 33 species in fields, forest, stream, marsh and pond. Highlights included a stunning **Baltimore Oriole**, the repetitive calling of **Warbling Vireos**, the cavorting of several juvenile **Red-tailed Hawks**, and a much-discussed flock of juvenile **Indigo Buntings**. All agreed it was a great trail to return to in any season.

~*Susan Hood*

## Winters Run

September 19<sup>th</sup> 2010. A pleasantly cool fall morning was perfect for a leisurely bird walk along Winters Run Road. Nine of us were on the trip including a new young birder. His enthusiasm for nature was refreshing and added greatly to our enjoyment of the walk. The trip was notable for the large flocks of **Common Grackle**, numerous **Blue Jays** and the complete absence of any warblers. Despite the dearth of warblers 41 species were recorded. Good views were had of **Pileated Woodpecker**, **Red-tailed Hawk** and migrating **Chimney Swift**. Other migrants included **Orchard Oriole**, **Eastern Wood-Pewee**, **Eastern Phoebe**, **Purple Martin** and **Tree Swallow**.

~*Dave Larkin and Lynn Davis*

# Harford Bird Club Field Trips

Field trip schedule compiled by Tom Gibson and Dennis Kirkwood

**October 24 (Sun.) – Harford Glen.** A beautiful area with a great variety of habitat and an even greater variety of birds. Meet at the Glen at 8 am. Contact Dave Larkin at 410-569-8319 or [larkin3001@comcast.net](mailto:larkin3001@comcast.net) or contact Lynn Davis at 410-569-0504 or [lynnd@iximd.com](mailto:lynnd@iximd.com).

**October 30 (Sat.) – Halloween Owl Prowl.** Join leaders Sue Procell and Debbie Bowers as they search the Deer Creek area for our local hat-trick of owl species – Eastern Screech, Barred, and Great Horned. Black cats and goblins also possible. With a little luck some other surprises may make an appearance. Contact Sue (410-676-6602; [procell1@comcast.net](mailto:procell1@comcast.net)) for further information.

**November 6 (Sat.) – Susquehanna State Park.** This trip is especially designed for beginning birders. Join two former educators who are ready to share their skills and knowledge with those who are ready to enjoy a new hobby. Bring your binoculars and your curiosity. Kids are especially welcome. Meet at 8 am at the Rock Run Mill. Leaders are Tom Congersky (410-658-4137; [jnitcon@zoominternet.net](mailto:jnitcon@zoominternet.net)) and Randy Robertson.

**November 13 (Sat.) – Gunpowder Falls State Park.** Fall songbirds abound in this wooded valley. Meet at Youth's Benefit Elem. School on route 152 at 7:30 am. The leader is Russ Kovach (410-457-4274; [Russell.kovach@gmail.com](mailto:Russell.kovach@gmail.com).)

**November 20 (Sat.) – Eastern Neck Refuge.** Enjoy the wintering waterfowl in this nearby National Wildlife Refuge in Kent County. Meet leaders Les Eastman (410-734-6969; [les@birdtreks.com](mailto:les@birdtreks.com)) and Ruth Bergstrom at the I-95/155 Park and Ride at 7:30 am.

**November 28 (Sun.) - Conowingo Dam.** Meet at 8:00 am at Fisherman's Park below the dam. Eagle numbers are at their peak with the possibility of Golden Eagle as well as 100+ Bald Eagles. Waterfowl and early winter songbirds should also be present. Contact Leader Les Eastman (410-734-6969; [les@birdtreks.com](mailto:les@birdtreks.com)).

**December 4 (Sat.) – Delaware Coast.** Meet at the 155/I-95 Park and Ride at 6:30 am. This trip will visit several hotspots along the Delaware Bay for wintering specialties. Contact leader Russ Kovach for further details (410-457-4274 or [russell.kovach@gmail.com](mailto:russell.kovach@gmail.com)).

**December 26 (Sun.) – Rock Run Christmas Bird Count.** This annual count is a part of the National Audubon Society's continent-wide effort. Contact the compiler, Mark Johnson (410-692-5978 or [mark.s.johnson@us.army.mil](mailto:mark.s.johnson@us.army.mil)) to volunteer and to be assigned to a group.

**January 1 (Sat.)** Get your 2011 birding list off to an early start. Contact Tom Gibson (410-734-4135; [gibsonlld@aol.com](mailto:gibsonlld@aol.com)) for trip location, time and further details.

**January 9 (Sun.) – Lower Susquehanna River Valley.** Bird from Havre de Grace north to Conowingo and down the Cecil shore. Expect Eagles, waterfowl, sparrows and more. Meet at Tydings Park at 8 am. Contact Tom Gibson for further information (410-734-4135; [gibsonlld@aol.com](mailto:gibsonlld@aol.com)).

**January 15 (Sat.) – Annual Winter Feeder Tour.** Enjoy birding out of the elements as we watch feeders at three of our members' cozy homes. Contact Marian Argentino at 410-734-4805 or at [MJD405@aol.com](mailto:MJD405@aol.com).

## Support Our Sponsors

**John and Linda Ireland** own and operate the Wild Bird Marketplace. They have limited their hours of operation to Saturday only but you can call them at (410) 836-5000 or contact them by email at [wbm@clearviewcatv.net](mailto:wbm@clearviewcatv.net) to arrange a bird seed purchase. Bird club members receive a 10% discount on purchases.

### Wild Bird Marketplace

Forest Hill, MD

Phone # 410-836-5000

Email: [wbm@clearviewcatv.net](mailto:wbm@clearviewcatv.net)

Open Sat; call ahead for birdseed purchases

### Early Bird

*by Shel Silverstein*

Oh, if you're a bird, be an early bird  
And catch the worm for your breakfast plate.

If you're a bird, be an early early bird-  
But if you're a worm, sleep late.

## For Sale

Club member Phil Perkins has a pair of binoculars for sale. They are Swarovski EL 8.5X42 WB Swarobright (Note, this is the Swarovski EL version; the top model, not their less expensive SLC version). They were purchased new in 2008 for \$1900 at the Cape May Bird Observatory and they are still in new condition. Phil is asking \$1400. If you are interested, contact Phil at [pdp1968@verizon.net](mailto:pdp1968@verizon.net) or call his cell phone at 410-322-6453 before 9 PM.

## Go Green

How would you like to help the environment and save money for the Bird Club at the same time? You can do this by electing to receive your newsletter by email instead of snail mail. By doing so, you will reduce the printing and mailing expense to the club and cut down on the number of trees sacrificed to make paper. If you are not already receiving your newsletter by email and would like to do so, please contact Les Eastman at [les@birdtreks.com](mailto:les@birdtreks.com).

## The Harford Bird Club Dinner Reservation Form

Please cut and mail the bottom portion of this page to Eileen Nack, 8 Crestmont Drive, Aberdeen MD 21001 by Friday, October 29<sup>th</sup>, 2010 if you plan on attending.

\_\_\_\_\_ Number of adults (at \$13.00 each)

\_\_\_\_\_ Number of children 16 and under (at \$5.00 each)

Please make checks payable to Harford County MOS.

Print your name(s) above as you would like it to appear on your name tag!

Include address and phone number if you would like transportation to the meeting.

# Harford Bird Club November Dinner Meeting

**“Excerpts from an Expedition Notebook -  
Adding a Pixel to the West African Bird Picture from Coastal Gabon”**

by  
**Dave Ziolkowski**

Friday, November 5<sup>th</sup>  
Dinner - 6:15pm - General Meeting time 7:15pm  
Location: Churchville Presbyterian Church  
2844 Churchville Road  
Churchville, MD 21028

If unable to deliver, please return to:  
Martha Crouse-Farley  
3500 Advocate Hill Drive  
Jarrettsville, MD 21084
